Summary Comments

I believe That The documentations and explanations contained in This reply all of which has already been Submitted to The court - clearly states my position for The court to grant my claim. It boils down to The fact That CEO Bottenberg, CFO Dawes, and other Delphi executives Continued to provide Mislealing and inaccorate information about Delphi's financial situation and The Strongth of The Company. This information was presented by Word and in chart formet at Delphi Quarterly Business up date meetings Which I attended at Delphi, Headquarters in troy, michigan during The Xears 1998, 2000, 2001 2 2002 before my retinement in march 2002.

These Leavings were looking into possible Wrong doings as a part of an internal Investigation into according fraud. Thes in formation was opporably used by The SEC + Justice Dept in The Delphi probe. The existence of The "Mini-hearings" Was reported in The business Section of the Detrot News on Sept 12, 2007.

I feel That he finacial loss from investment in Delphi Stock has been Cleanly Substantiated in The Merrill Lynch Statements provided in The original Claims mailing filed with The court on 7-28-06. In addition, and more importantly, The former CEO, J.T., Batterberg III; former CFO, Alan Dawes; former chief According Officen, Parl Free and about 10 others have been charged by The SEC in Civil Suits for Their octams in manipulating finacial data and reports so as to put a positive light on Delphis firmial situation When, in fact, The financial position of the

Company was deteriorating badly. This information totally misled investors.

The inaccurate poritine information provided by These executives was primarily why I and o Their had confidence in The Company to invest Substantial amorats of money in Delphi Stock. Also, it is possible That same or all of these executives may be charged criminally.
